Mr.
Giuliano Pisapia
Mayor of Milan
Milan, Italy

Dear Mayor

It is a pleasure to express the interest of the city of Quito to join to the Urban Food Policy Pact, which was signed by an impressive number of cities and international organizations during the Mayors Summit on Urban Food Policies, held in Milano on October 2015.

We agree with the objectives of the Pact and its framework of action, and we are committed to work together in the construction of local food systems, with the aim of making our cities more sustainable and equitable, building healthy societies and promoting social inclusion and economic development.

For further communications related to the Quito's membership and our participation in the Pact, please contact Cristian Espinosa, Director of International Relations of the Municipality, calling to the phone number +593-2-3952300 ext. 13522, or by email to rimdmq@quito.gob.ec.

I take this opportunity to express you my consideration and esteem feelings.

Sincerely,

MAURICIO RODAS ESPINEL
Mayor of the Metropolitan District of Quito
